

MAKING ROOM FOR NEW VISIONS OF WORK

OFFICE CATALOGUE 2016/2017

Montana

MAKING ROOM FOR SUCCESS

Expressing yourself is what Montana is all about. We want to give you endless opportunities to create, frame and tell your company's story through clever design and superior craftsmanship.

Montana are passionate about helping architects, designers, buyers and project managers develop functional and aesthetic environments for workplaces and offices. By immersing ourselves in the individual company's culture, we help you make interior solutions of the highest quality that focus on the perfect combination of functionality, quality, environmental consideration, aesthetics and ethics. Through the Montana system's range of possibilities we create solutions in collaboration with you that are tailored and adapted to your specific needs.

Expressing yourself is what Montana is all about. We want to give you endless opportunities to create, frame and tell your company's story through clever design and superior craftsmanship.

Schaffen Sie Platz für Ihre Persönlichkeit. Montana ist gleichzusetzen mit Ihrem individuellen Ausdruck. Wir wollen Ihnen endlose Möglichkeiten dazu bieten, Ihre persönlichen Geschichten durch cleveres Design und hervorragendes Handwerk zu erstellen, zu unterstreichen und zu erzählen.

TELL THE STORY WITH COLOURS

Use our broad scale of colours creatively to raise the visibility of your business profile.

Die breite Farbpalette ist ein effektives Mittel, um Ihr Firmenprofil aktiv zu schärfen und hervorzuheben.

MEETING & CONFERENCE

The conference room is the backdrop for the company's most important decisions. The facilities need to be comfortable enough through long meetings and with all electronic equipment readily available. Montana supplies height-adjustable conference tables, lecterns and elegant storage units for HiFi and other technical presentation equipment.

Der Konferenzraum bildet den Rahmen für die wichtigsten Entscheidungen im Unternehmen. Der Raum muss für lange Versammlungen bequem eingerichtet sein und sämtliche elektronischen Funktionalitäten direkt zur Hand sein. Montana liefert höhenverstellbare Konferenztische, Podien und elegante Aufbewahrungsmittel für HiFi-Anlagen und andere präsentationstechnische Ausrüstungen.

A LECTERN THAT BRINGS FOCUS ON THE SPEAKER

With electric height adjustment, the HiLow Speaker lectern easily adjusts to the speaker's height. HiLow Speaker hides wiring and has table top space for a laptop computer, tablet, manuscript and other accessories.

Mit der elektrischen Höhenverstellung wird der HiLow Rednerpult schnell an die Bedürfnisse des Referenten angepasst.

EXTRA SEATS

Guest is a folding chair that stores perfectly in the Montana shelving modules.

A DISTINCTIVE SPACE

The Hilow conference tables creates a distinctive space for a large group.

The Hilow conference tables creates a distinctive space for a large group.

MEETING POINTS

Despite being able to work from nearly any location, people still value connecting with others in the office. In a workplace of diminishing space, formal meeting rooms and informal meeting points respond to the need for collaborative spaces, creating well-equipped, comfortable spaces outside of the primary workstation. Montana supplies height-adjustable conference tables, lecterns and elegant storage units for HiFi and other technical presentation equipment.

THE STORY OF MONTANA

Montana was founded in 1982 by Peter J. Lassen and based on his philosophy of people having a need for freedom and a desire to create their own personal spaces. Since then, Montana has offered a world of possibilities, so that you can create your own design with exactly the modules, colours and accessories that you like.

Montana wurde 1982 von Peter J. Lassen basierend auf der Philosophie gegründet, dass alle Menschen ein Bedürfnis nach Freiheit und Lust darauf haben, ihre eigenen persönlichen Räume zu schaffen. Deshalb hat Montana von Anfang an eine Fülle von Möglichkeiten angeboten, damit Sie Ihr individuelles Möbelstück mit genau den Modulen, Farben und dem Zubehör, das zu Ihnen passt, gestalten können.

STANDARDS OF QUALITY

All our products are developed and made in Denmark. We have over 160 employees under one roof, all applying their expertise in processing, painting and assembly. This ensures that our high standards of quality are maintained, and that everything is produced under conditions that respect our workforce and the world around us.

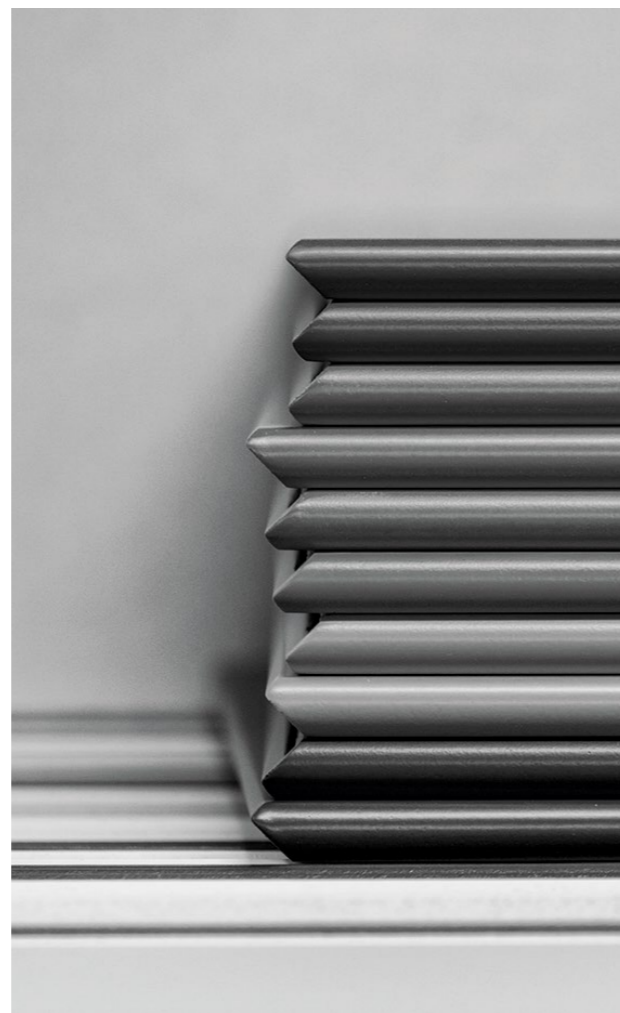

Alle unsere Produkte werden in Dänemark entwickelt und produziert. Wir haben unter einem Dach über 160 Mitarbeiter mit Sachverstand auf den Gebieten Verarbeitung, Lackierung und Montage. So gewährleisten wir, dass unsere hohen Qualitätsanforderungen erfüllt werden, und dass alles unter Bedingungen produziert wird, bei denen auf den einzelnen Mitarbeiter und unsere Umgebung Rücksicht genommen wird.

GREEN, OUR FAVOURITE COLOUR

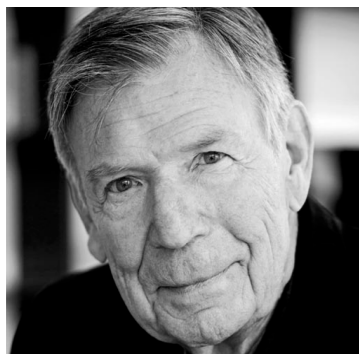

At Montana, we take our environmental responsibilities seriously. Over 25 years ago, we introduced our own set of environmental accounts in consultation with The Danish Environmental Protection Agency and became one of the first Danish businesses to run 'cradle-to-grave' analyses of the environmental consequences of a given product. Since 2007, we have exclusively used water-based lacquer colours, which neither smell nor contain solvents. Montana modules carries the Danish Indoor Climate Label, and Montana is certified in accordance to international environmental standards.

Wir von Montana nehmen unsere Verpflichtungen der Umwelt gegenüber ernst. Bereits vor 25 Jahren haben wir eine Umweltbilanz eingeführt, die aus einer Kooperation mit dem dänischen Umweltamt entstand. Wir sind auch eines der ersten dänischen Unternehmen, das sogenannte 'Wiege-bis-zur-Bahre-Analysen' verwendet. Dabei nehmen wir für das jeweilige Produkt Bezug auf alle Auswirkungen auf die Umwelt. Außerdem verwenden wir seit 2007 ausschließlich Lacke auf Wasserbasis, die keine gesundheits- und umweltgefährdenden Lösungsmittel enthalten. Das Montana-Regal ist zertifiziert für das Raumklima und Montana ist mit Umweltzertifikaten nach internationalem Umweltstandard versehen.

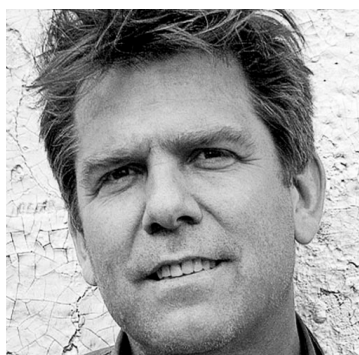

Since 2007, we
have exclusively used
water-based lacquer
colours, which neither
smell nor contain
dangerous solvents

DESIGNERS

PETER J. LASSEN

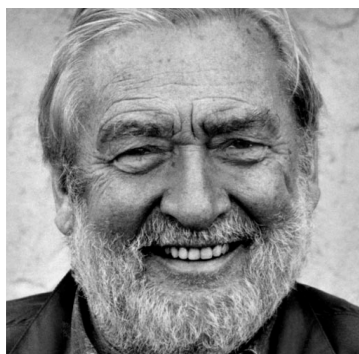

Peter J. Lassen is the man behind Montana, whose simple and functional designs have become classics. From a career as a naval officer, Peter J. Lassen switched to the furniture industry in 1954, and worked with the architects Arne Jacobsen, Jørn Utzon, Piet Hein and Verner Panton for many years. His association with these architects can be seen clearly in the clean lines of his design. In 1982 he founded Montana Møbler A/S.

JOAKIM LASSEN

Joakim Lassen is the fifth generation of his family to work with furniture and the great-grandson of manufacturer Fritz Hansen. Today, he is Managing Director of Montana and in charge of product development.

Products: The HiLow height-adjustable desks, the Multi Table series, the HiLow Speaker lectern in collaboration with Henrik Leander.

VERNER PANTON

Verner Panton is one of the most colourful designers of the 20th century and a source of inspiration for architects and designers around the world.

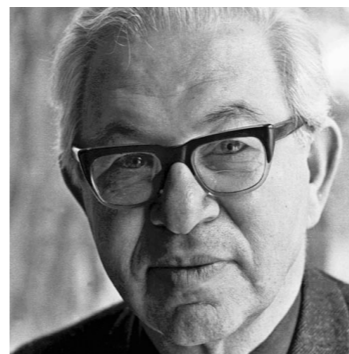

Products: Panton chair series, Panton Table, Panton Wire and Panton Bachelor.

SALTO & SIGSGAARD

Since 2003, Kasper Salto, designer, and Thomas Sigsgaard, architect, have been working together on design projects in their studio in Copenhagen.

Products: Guest Chair

ARNE JACOBSEN

Arne Jacobsen is one of the greatest architects and designers of our time, an internationally recognised icon of functionalism.

Products: Djob Table

STEFAN WEWERKA

The work of German artist and architect Stefan Wewerka is multi-dimensional, ranging from fashion to film, from office furnishings to buildings.

Products: Hilow Tabletop

SCHMIDT/HAMMER/LASSEN DESIGN

schmidt/ hammer/ lassen design is primarily occupied with projects and consultancy in the areas of product design, interior design and exhibition design.

COLOURS & MATERIALS

Montana's employees are specialized in high quality surface processing. Montana works closely with suppliers when developing new types of lacquer and processing the surfaces in the best possible manner. After refining all edges and surfaces, Montana System CO16 is lacquered with an UV-hardener and polished. Montana's surface lacquer is a water-based highly resistant quality lacquer. The lacquer does not contain formaldehyde, and the emissions of volatile organic compounds are reduced to a minimum which is below the threshold values of the EU's VOC directive. By using water-based lacquers, Montana protects the outer environment from compounds and contributes to a better indoor environment at home and at the workplace.

Table top surfaces are available in a large assortment of laminates and linoleum colours. Some table top surfaces are also available in veneer. Montana Compo lacquer is a strong surface of a two-component water-based lacquer. It hardens into a hard surface comparable to the surface of Montana's structure lacquers. Compo lacquer is lightproof and is resistant to mechanical and chemical impacts.
